Paul Hardy’s Possible Tunebook

Introduction

This tunebook contains tunes that I have encountered but maybe not yet learned to play properly on my English concertina, but may eventually be incorporated into Paul Hardy’s Session Tunebook.

Most are traditional tunes from the British Isles, many of Celtic origin, including many Irish, Scottish and English dance tunes, but others are from an eclectic mix of sources. Some have been adapted from Internet resources, in abc, midi or visual score formats. Others have been learned by ear or handouts from various sessions in the UK and US. All are believed free of current copyright (unless noted explicitly), or else appear to have been placed in the public domain as part of the ongoing live folk music tradition. Please let me know if you are the owner of any that are under access restrictions and I’ll remove them.

I have tried to present simple versions of most tunes, without much decoration and interpretation, so add your own triplets, grace notes and variations. I have included guitar chords, often adapted from computer-suggested ones - use these as guidance, not definitive! Tunes in 4/4 time that have the rhythm indication "Hornpipe" should usually be ‘swung’ - lengthen the first and shorten the second in every pair of quavers - as in "Thursday". Elsewhere these are sometimes written as 'dotted quaver, semiquaver', but that ratio of 3:1 seems too high - perhaps try for around 2:1.

This tunebook has been prepared using the abcm2ps software, with help from abc2midi, abcmus, Melody Assistant, ABCexplorer, and EasyABC. A big thank you goes to those creative and dedicated people who give their time to create and maintain low-cost or free and open source software for abc music editing and output.

The current version of this and the full session tunebook, in ABC and in PDF forms, is downloadable from Paul’s web site at www.paulhardy.net.
